

Description

Birdie Helmet Storage Bag

DETAILED DESCRIPTION

[0001] A fabric pouch 26" wide and 18" deep that allows for storage and safe keeping of a helmet, or baseball/softball mitt and can be closed by a drawstring. This large pouch has a second smaller pouch on the right inside wall, big enough to support a small water bottle. The pouch can be hung using two clasps attached by 3" straps located on the right and left side corners of the top back wall. The pouch has a flap folding forward over the front and is attached from the top back wall to provide privacy of contents and a method to keep the contents of the pouch clean. This flap can also be used to display name or logos. Inside the pouch is a small pocket 8" wide and 3" deep and located on the back wall which allows for storage of a batting glove, or small personal items. A carrying strap 36" long is included to connect both clasps making it convenient to carry to and from the game when not in use.
